## Regional Live Webinars

**PCHC Dental Office**  
1048 Union Street  
Bangor, ME 04401

Program Objectives: At the completion of this program participants will be able to:

- Discuss implications of infectious diseases to the safe delivery of oral healthcare for patients
- Identify side effects and drug interactions of a variety of HIV anti-retroviral drugs
- Develop strategies to prevent bloodborne exposure incidents in site-specific dental health care settings
- Describe the current CDC guidelines and recommendations for post exposure management

## Continuing education credits provided by The Forsyth Institute. **ADA CER-P**® | Continuing Education Recognition Program

The Forsyth Institute is an ADA CER-P recognized provider. ADA CER-P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CER-P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Forsyth Institute designates this activity for **4 continuing education credits**.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CER-P [www.ada.org/cerp](http://www.ada.org/cerp).

### Sponsoring Organizations:

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CER-P) through joint efforts between The Forsyth Institute, The New England AIDS Education and Training Centers and The Boston Public Health Commission.

Please check our Calendar at [www.neaetc.org](http://www.neaetc.org) for more updates.
